Office premises in a lush surrounding

The modern Espoonportti office building awaits in the Espoo centre, next to Kauniainen. The current tenants value the lush and peaceful residential area around the building.

The light premises in the building have been renovated to accommodate open-plan offices. Separate offices provide privacy and cooling improves comfort in the summertime. The premises can be modified according to need.

There is ample parking space in the yard, and plenty of spots for bicycles as well. This area is not affected by the busy pace of the centre of Helsinki, and the adjacent Turunväylä offers a quick access to the Kehä III ring road, for example.

The services of the Espoo centre are also located within a short driving distance or one train stop away. The sauna lounge is a nice addition to the services the property offers.
